Citroën Story 2010

The future meets the past !

Citroën Story will take place on the Zolder race track (Belgium) on April 24th & 25th 2010.

After being elected Event of the Year by the Amicale Citroën Internationale, this event is also fully supported by Automobiles Citroën, Citroën Belux and Total.

What's it all about ?

The Amicale Belge des Clubs Citroën will welcome all types of Citroën and Panhard, coming from different European countries, on the Zolder race track during this weekend. Every model will be present, from A type to DS3, during this festive family weekend for young and old.

The Zolder Circuit will be the witness of all sorts of animation and entertainment: demo drives, parade, 4x4 track, slalom, driving on the race track, being a passenger in famous cars, expositions, museum, contests, 2CV races, bouncy castle, PlayStation consoles, parts market, meeting with famous rally racers ...

The Conservatoire Citroën will provide cars and competition vehicles from its collection. Famous drivers like Marc Duez, Fred Bouvy, Bernd Casier, Vincent Vosse, Robert Droogmans, Steve Vanbellingen will show their skills on the track with DS, SM ZX rally raid, Xsara WRC etc. Bruno Thiry will be present with his Visa 1000 Pistes.

To celebrate the 40th birthday of the GS and SM models, the goal is to get 40 cars of each type together on the track. Both models were launched in 1970.

A museum with the most attractive Citroën and Panhard models is also on the program and is

provided by the 10 clubs, united in the Amicale Belge des Clubs Citroën.

Next to this museum, you will find an exposition of the current range of Citroën cars, with DS3 and C3 as main attraction. Visitors will be able to test their abilities at the wheel of a DS3 during the slalom course and maybe win beautiful prizes.

The clubs will reward the couple with the best period clothing during a parade.

The paddocks will be filled with trade stands with miniature cars, spare parts and accessories for old cars or merchandising.

In collaboration with City Kart Brussels, a karting track will offer the opportunity to prepare for a Formula 1 career...

Children and teenagers are not forgotten of course. They will find bouncy castles or PlayStation consoles on the spot!

Jean-Paul Klinkers, a spectacular and multilingual entertainer will provide the necessary animation to make these two days a special and festive weekend never to forget.

A pleasant atmosphere with French fries, hamburgers but also more refined meals will make every participant feel at home.

Rendezvous has been taken! Everybody welcome on the Zolder race track on April 24th & 25th.
